---

## CAREER SUMMARY

Motivated third-year B.Tech student specializing in Data Science with a strong foundation in frontend development and database management. Actively expanding backend skills while participating in hackathons where I've secured notable positions at national levels. Proficient in analyzing data, thanks to dedicated workshops, and adept at translating insights into actionable strategies. Eager to leverage academic knowledge and practical experience to contribute effectively to innovative projects in data-driven environments.

---

## SKILLS AND STRENGTHS

- **Programming Languages and Technologies:**

- Proficient in HTML, CSS, JavaScript for frontend development.
- Skilled in Python for data analysis and scripting tasks.
- Familiar with R and C languages, currently expanding proficiency.
- Competent in Java and MySQL for backend development and database management.

- **Project Management and Multi-tasking:**

- Managed concurrent frontend projects using agile methodologies.
- Successfully met deadlines in a fast-paced academic and project environment.
- Organized tasks efficiently using project management tools like Basecamp and Trello.

- **Language Skills:**

- Fluent in English, facilitating clear and effective communication.
  - Basic proficiency in French, enhancing cross-cultural communication abilities.
- 

## PROFESSIONAL ACCOMPLISHMENTS

- **Developed and deployed a responsive website** using HTML, CSS, and JavaScript, improving user engagement by 30% and reducing bounce rates by 25%.
  - **Created a Python script** to automate data cleaning processes, reducing processing time by 40% and increasing data accuracy by 15%.
  - **Participated in a national-level hackathon** where our team secured 9th place by developing a healthcare website, resulting in recognition for innovative idea for healthcare sector.
  - **Contributed to a team project** implementing MySQL database solutions, enhancing query efficiency by 25% and improving data retrieval times for end-users.
  - **Managed concurrent projects** using Agile methodologies and project management tools like Basecamp and Trello, ensuring on-time delivery of 5+ frontend development projects while maintaining high-quality standards.
  - **Improved cross-cultural communication** by utilizing basic French language skills during a collaborative international project, fostering effective teamwork and understanding.
- 

## EDUCATION

B.Tech in CSE with specialization in Data Science, Graduation Year (2026), Noida Institute of Engineering and Technology, Greater Noida
